

# Zain Abbas

## WEB AND UI DESIGNER

@devzain47@gmail.com

🔗 <https://github.com/Zayn4700>

## EDUCATION

---

O'Levels - 6A's, 2B's

Saint Mary's Academy

Rawalpindi

## Experience/Projects

---

### Portfolio Website

🔗 <https://zayn4700.github.io/Portfolio-Website/>

A website i built for myself to show the world what i do in form of a proper website

### Friday

This was one of my first projects in python with pyaudio. It features a customizable prototype voice assistant which helps you navigate around your desktop on one voice command

### Levelop

Levelop was one my first project with my team BILD. This features a fully responsive blog page with customizable fonts and many more exiting features.

## COURSES

---

### Full Stack Web Developer Bootcamp by ColtSteele

A course focused on learning web development skills and technologies with JavaScript on the frontend and backend

### Python Bootcamp from Zero to hero by Jose Portilla

A course focused on building a complete understanding of Python from the ground up
